

Come Join YEP for a Friendly Debate!

Topic: The Construction of the Portland Energy Centre

The PEC will be a 550MW natural gas generating station and the project is now in the construction phase in the Portlands area of Toronto's waterfront.

Our Special Guests:
Ted Gruetzner of the Portlands Energy Centre;
Greg Bonser of Village Technologies + Live Lightly
Developments

YEP has created an open forum on our Blog site (yeptoronto.blogspot.com) where you have a chance to submit your questions and learn more about our speakers.

You won't want to miss out on this chance to discuss Toronto's new power plant!!

DETAILS

Tuesday, November 28, 2006
